

MAJOR.

His name is **MAJOR.** and his impact the same. The American Soul singer's star fiercely struck at the debut of his Platinum hit love song, "**Why I Love You**". As Stevie Wonder projected: lovers from all over the world have commissioned the breakout ballad as the perfect soundtrack for their own love stories. **MAJOR.** as both actor & singer is a powerful storyteller who leans into authenticity as his superpower. Amazingly, he has become a trusted artist for many while inspiring hearts with his relatable message of life laced in that signature falsetto! The joy is infectious and as a "Hope Dealer", he leads boldly with the very HOPE in LOVE his music professes.

With half a billion digital streams, 4 independent solo projects, network TV shows, movies, legendary cosigns, national tours, & the MAJOR.HOPE Foundation - **MAJOR.** is far from done. "**The Hope Of My Soul**" EP is his most recent artistic expression that intersects soul, gospel, and Americana - "Baby Will You Love", "I Prayed For You" and the newly released hope anthem "**Joy In The Battle**" are proof... The GRAMMY, 2x Soul Train, and 8x NAACP Image Award nominated entertainer promises so much more to come. And it can only be as mighty as the name his mama gave him: **MAJOR.!**
